//Kay Frazier Director of Parks and Recreation provided an informational report requested by Council regarding the City administered Youth Football and Cheerleading Program. Ms. Frazier gave an overview of the program design, proposed budget and timelines for a Recreation Youth Football and Cheerleading League. Ms. Frazier stated that the Program goal is to offer a quality youth recreation football and cheerleading program. This Program will focus on skill development, good sportsmanship and positive coaching. Ms. Frazier stated that the Program would serve youth, ages 6-13, with the season running August through November. Ms. Frazier went on to say that to operate the Program they would need more than \$80,000 in new funding next year if the City were to take over the Program. Ms. Frazier stated that the City provides no direct monetary support at the present time. Vice Mayor Dodson praised the job done by Hill City Football but felt like the program was on a downslide, that the number has declined tremendously as to the number of teams and that a disservice was being done to the elementary kids who want to play football. Vice Mayor Dodson further stated that if we could fund the initial \$3,300.00 then he could come back in May and raise the \$90,000 for the program. After further discussion it was decided that this item should be brought back to Council at the February 9 work session.

//Director of Public Works Dave Owen gave an overview of the December 2009 snow storm.

Mr. Owen stated that the overall responsibility is to remove snow and ice from city streets, sidewalks and parking lots in the most prompt and efficient manner. Mr. Owen explained that the snow removal budget for the last two years has been reduced by \$100,000 and it would be necessary to tap into the reserve this year. Two years ago the snow removal budget was \$351,000 but because of mild winters it has only cost \$250,000 in expenses. Mr. Owen stated that the Public Works motto is "We plan for the worst and hope for the Best".

//City Manager Kimball Payne reviewed with Council options of the proposed procedures for the January 13 and 15 meetings relating to filling the vacancy on City Council. Mr. Payne outlined the options for Council:

- As previously directed by Council, nominations for the vacant position have closed and no new nominations will be considered.
- There will be no public comment during the meeting.
- The Mayor will read a list of the nominees and will acknowledge the receipt of written material from the nominees and their presence in Council's Chamber.
- Individual nominees will be given an opportunity to make a statement by one of the following methods:
 1. In alphabetical order, or
 2. As chosen by lot drawn by the Clerk of Council.

- Each nominee will be given up to five (5) minutes to speak. Each statement will be timed with the green light on for the first three (3) minutes, the yellow light on for the next two (2) minutes and the red light will come on after five (5) minutes have elapsed.
- Council may question nominees by one of the following methods:
 1. All of the nominees will make their statements followed by questions from Council to any or all of the nominees, or
 2. After each nominee speaks, Council will address questions to that nominee before the next nominee speaks. Nominally, this will take no more than thirty (30) minutes per nominee, including the nominee's statement.
- After all of the nominees who desire to speak have spoken and questions to the nominees have been addressed, the Mayor will ask Council members to consider and reflect upon what they have heard and to adjourn until 7:30 a.m., Friday, January 15th without further discussion.
- The Clerk of Council will prepare printed ballots with the names of the Council members and the nominees on them.
- After the meeting is called to order by the Mayor, each Council member will be given up to three (3) minutes (timed) to share his or her thoughts on the matter of filling the Council vacancy.
- After comments by Council, the Mayor will call upon the Clerk to distribute the ballots and for the members to vote.
- Marked ballots will be passed to the Clerk who will read the name of the Council member and the nominee for whom he or she has voted.
- Council will continue to vote until one nominee receives a majority of the votes. All nominees will remain on the ballot for subsequent votes.
- The nominee who receives a majority of the votes will fill the vacancy for a term to expire on June 30, 2010.

After Council discussed the proposed procedures, Council Member Helgeson made a suggestion to select the following procedures to follow for the January 13 and 15 meetings:

- The Clerk of Council will prepare printed ballots with the names of the Council members and the nominees on them.
- After the meeting is called to order by the Mayor, each Council member will be given up to three (3) minutes (timed) to share his or her thoughts on the matter of filling the Council vacancy.
- After comments by Council, the Mayor will call upon the Clerk to distribute the ballots and for the members to vote.
- Marked ballots will be passed to the Clerk who will read the name of the Council member and the nominee for whom he or she has voted.
- Council will continue to vote until one nominee receives a majority of the votes. Four (4) votes constitute a majority of Council.

- If subsequent votes are required, the individual receiving the lowest number of votes on the proceeding vote will be dropped from the ballot.
- The nominee who receives a majority of the votes (4) will fill the vacancy for a term to expire on June 30, 2010.

Council unanimously adopted the proposed procedures for the January 13 and 15 council meetings. A motion was made by Council Member Helgeson and seconded by Council Member Gillette; Council by the following recorded vote approved the proposed procedures:

Ayes: Dodson, Gillette, Helgeson, Johnson, Perrow, Foster	6
Noes:	0
Absent: Garrett	1

In response to Council question, City Attorney Walter Erwin stated that a plurality vote is the largest number of votes cast for a candidate when 3 or more choices are possible; the candidate receiving the largest number of votes has a plurality. Under Robert's Rules of Order a plurality that is not a majority of the assembly does not elect anyone to office. The assembly continues to vote until one of the candidates receives a majority vote, which is more than half of votes from all the persons voting.

//During roll call and in response to Council Member Helgeson's inquiry, City Manager Payne stated the City has procedures in place regarding the rental inspection program. On Greenview Drive the speed limit was 45 mph with two lanes - now the speed limit is 35 mph with four lanes with the new road design. Council Member Helgeson would like to hear something in regard to the speed limit change. In response to Vice Mayor Dodson inquiry regarding the Tyreeanna 460 improvement, City Manager stated that he had sent a letter to Mr. Curry with Virginia Department of Transportation (VDOT) regarding Route 460/29 Safety Improvement Plan for crossover closures and the creation of limited access highway. In response to Vice Mayor Dodson's question, Mayor Foster stated that Council Member Garrett was in Richmond and would not be at the meeting.

// City Council recessed the meeting at 6:55 p.m.

// City Council reconvened the meeting at 7:30 p.m. Council Member Johnson gave the Invocation, followed by the Pledge of Allegiance.

// Mayor Foster and Vice Mayor Dodson presented a Proclamation for Big Read Lynchburg to Melissa Zadell, Vice President, Development with Amazement Square.

// Copies of the minutes of the December 8, 2009 meeting, having been previously furnished Council, reading was dispensed with, and on motion of Council Member Gillette, seconded by Council Member Johnson, Council by the following recorded vote approved the minutes as presented:

// In the matter of Schools - General, a public hearing was held regarding City Council Report #17 regarding amending the FY 2010 Adopted Budget and appropriating \$5,351,040, with resources from the American Recovery and Reinvestment Act of 2009, to the Lynchburg City School's Operating and Grant Funds. Director of Financial Services Donna Witt provided a brief summary of the request. Ms. Witt explained that the City School budget was adopted with the City's budget and the American Recovery Act

funds were not appropriated in the 2010 Adopted Budget. In order for the School to use the funds the funds would have to be appropriated first. There was no one else present who wished to speak to this item, and the public hearing was closed. In response to Council question, Ms. Witt explained that these funds have to be appropriated before they can be spent. Chief Financial Officer with Lynchburg School Ms. Beverly Padgett stated that the School had to apply for these funds through the Virginia Department of Education and these funds are additional funds appropriated for specific purposes. On motion of Council Member Johnson, seconded by Council Member Gillette, Council by the following recorded vote introduced and laid over to a later meeting for final action Resolution #R-10-006, as presented, to amend the FY2010 School Adopted Budget and appropriating \$5,351,040, with resources from the American Recovery and Reinvestment Act of 2009:

ITEM TITLE: Community Development Block Grant (CDBG) and HOME Programs – Public Hearing Regarding Proposed Housing and Non-Housing Goals for 2011-2015 Consolidated Plan and Adopt a Resolution Approving the Consolidated Plan Goals for 2011-2015

RECOMMENDATION: Conduct a public hearing to receive citizen comments regarding the proposed goals for the development of the 2011-2015 Consolidated Plan and adopt a resolution approving the goals.

SUMMARY: The U. S. Department of Housing and Urban Development (HUD) requires state and local governments, which receive federal community development funds, to prepare a Consolidated Plan. The previous Consolidated Plan for Lynchburg was submitted in May 2005 and covered the period from July 1, 2005 through June 30, 2010. With the submittal of the annual Community Development Block Grant (CDBG) and HOME Action Plan in May 2010 another five-year plan will need to be prepared and submitted for the period of July 1, 2010 through June 30, 2015. This plan will outline the City's needs, goals, and objectives for community development (both housing and non-housing areas). City Council is seeking the input of citizens and other interested parties regarding the proposed goals drafted by the Community Development Advisory Committee (CDAC). CDAC has held multiple public meetings as well as a 30-day public comment period to receive input into these proposed goals. On January 7, 2010 CDAC approved the proposed goals. Once the Consolidated Plan has been prepared and approved by City Council, it will influence the expenditures of CDBG, HOME, and other state and federal community development grant funds. This plan will cover a five-year period, but will be considered for minor revisions on an annual basis along with the annual action plan.

Specifically, the public is invited to comment on the goals proposed through the CDAC process regarding the City's housing and non-housing community development needs common to low- and moderate-income households and neighborhoods in Lynchburg. The proposed Consolidated Plan goals for 2011-2015 are attached to this report.

Proposed 2011-2015 CONSOLIDATED PLAN GOALS

The goals listed below are intended to provide broad guidance in the allocation of Community Development Block Grant (CDBG) funds granted to the City by the United States Department of Housing and Urban Development for the five years beginning July 1, 2010 and ending June 30, 2015. The Community Development Advisory Committee (CDAC) supports the allocation of funds to achieve measurable results for both public and non-public services.

The primary objective of the CDBG program is to continue to develop viable urban communities through decent housing, suitable living environments and expanded economic opportunities for low- and moderate-income persons and individuals with disabilities, substance abuse or addiction, persons with AIDS, persons that are homeless, and elderly persons.

Housing Goals

1. Increase the number of owner-occupied units.
2. Rehabilitate substandard housing units. Emphasis is to be placed on programs that require an investment of funds and/or labor on the part of the owner commensurate with the owner's resources.
3. Support initiatives to increase permanent affordable rental and housing ownership opportunities.
4. Support programs that assist individuals in retaining their homes in challenging economic times.

Non-Housing Goals

1. Eliminate neighborhood deterioration, blight and blighting influences.
2. Support the organized efforts in neighborhoods to leverage their resources to improve and sustain community livability and services.
3. Support economic development efforts which will expand job opportunities and retention.
4. Promote activities which support the healthy development of the City's at-risk youth, adults and families.

Prepared by the Community Development Advisory Committee, November 6, 2009

Revised by the Community Development Advisory Committee, January 7, 2010

ITEM TITLE: **City Street Mileage and Street Reclassification for Highway Maintenance Payments**

RECOMMENDATION: Approve the attached resolutions requesting the Virginia Department of Transportation (VDOT) to increase the official record of the City's street lane mileage for reimbursement of highway maintenance funds and the reclassification of identified City streets.

SUMMARY: Each year the City submits a list of new or improved streets to VDOT for street maintenance payments. Currently, the City receives \$9,267,266 annually in maintenance payments for 799.60 lane miles. The State reimburses \$16,576 for arterial lane miles and \$9,732 for collector and local lane miles. During the past calendar year, a total of 1.41 (net) miles of arterial and a total 1.77 (net) lane miles of local streets are eligible to be added by VDOT for state reimbursement which should yield \$40,598 in additional highway maintenance funds annually. The increased lane mileage is a result of new subdivision development and extension of existing streets. In addition, we are requesting that VDOT change the current classification of the following city streets: Church Street, Enterprise Drive, Graves Mill Road, Main Street, VES Road and Wards Ferry Road. We believe these streets have changed in nature and use and they should be raised to the next functional classification. Depending on the outcome of the reclassification request, the City could possibly realize an additional \$122,781 in funding if all six streets are moved up in functional classification.

PRIOR ACTION(S): None

FISCAL IMPACT:

The additional 1.41 (net) lane miles of arterial streets and the 1.77 (net) lane miles of local streets are eligible to be added by VDOT for state reimbursement should yield an additional \$40,598 annually and the reclassification of the six streets if approved should yield an additional \$122,781 for street maintenance activities.
